Holy Christmas 2021

Dear all,

Verona Lamiere Spa is a long-time supporter of our activities. Its dedicated attention plays a significant role on enhancing our work and, during this year, a most crucial partner always at our side on the challenges of this years.

Since 1993, the Banco Alimentare del Veneto Odv has been collecting, recovering, and managing no longer marketable agro-food surpluses donated by the worlds of agriculture and industry, large-scale distribution, and collective catering, in addition to products collected on the National Food Day (the last Saturday of November).

Our job is coordinated with the other 21 regional associations that, coordinated by the Banco Alimentare Foundation, operate on the Italian territory.

The benefit of our actions is amplified across the entire universe of charitable structures that directly assist families, persons in economic difficulty, the homeless, women in difficulty, and single moms in the Veneto region.

The Covid-19 pandemic has changed everyone's life, thus difficult and changes where the Banco Alimentare del Veneto Odv has been asked to react reassessing priorities, procedures, and projects.

Over the last two years, our objective has been to maintain our warehouses, in Verona and Padua, always open to ensure that all food is supplied to people in need.

We met our targets because of the strong reaction of our 175 volunteers and the contributions of people and companies such as Verona Lamiere Spa. Financial support to our charity organization is essential and support the work of who, day after day, often in the shadows and in silence, took care for free of logistics, administration, communication, and everything else required to ensure proper food management and tracking for the benefit of those in need.

Over 85,000 people in Veneto received food aid in 2021 because of the daily and broad effort of 445 charitable structures, which were willing to collect nearly 6,000 tonnes of food by visiting our warehouses every month.

"Sharing needs to share the meaning of life" has always been our philosophy, but never more so than in recent times, when everything seems to ask us to keep away and separate from others.

The support and esteem of Verona Lamiere Spa are for us a symbol of sharing that is beyond the scope of everyone but helps us understand that during our everyday struggles, we have someone to lean on.

With the above said, our gratitude to Verona Lamiere Spa is utmost and we take this occasion to wish you and your families a Merry Christmas and a Happy New Year.
